

Third Italian Nanotechnology Census

Table of Contents

PART I: ANALYSIS OF THE DATA GATHERED

Methodology	7
1. General outlook	17
1.1 General data	17
1.2 Funding	18
1.3 Geographical distribution	19
1.4 Research Activity	19
1.5 Patents and scientific publications	21
1.6 Applications	22
1.7 Safety and societal aspects (EHS & ELSI)	23
1.8 Education	24
2. The players	25
2.1 Public	25
2.2 Private	29
3. Annexes	33
Annex I: Research fields vs. number of organizations (%)	33

PART 2: ORGANISATIONS FILES

NATIONAL RESEARCH INSTITUTIONS

National Research Council (CNR)	41
Other Research Institutions	99

UNIVERSITY

INSTM (Italian Interuniversity Consortium on Materials Science and Technology)	113
Other University Consortia	141
Reference Centres	151
Inter- department Centres	167
Other University Research Units	181

TECHNOLOGY PARKS, HIGH TECH CLUSTERS AND OTHER FACILITIES

PRIVATE PLAYERS

Industrial Enterprises: Large	291
Industrial Enterprises: Small and Medium (SMEs)	341
Private Research Institutions	429

Questionnaire of the Italian Nanotechnology Census
